

HAFARY HOLDINGS LIMITED

Press Release

Hafary Gallery Grand Opening

Singapore, 27 November 2013 – Hafary, the leading supplier of building materials, is proud to announce the grand opening of the Hafary Gallery at 105 Eunos Avenue 3, Singapore 409836 on 20th November 2013. The Hafary Gallery is the brand's third showroom in Singapore, following two other showrooms in Balestier and Tradehub21. The grand opening attracted more than 1000 distinguished guests, including developers, architects, designers and contractors.

The opening of the Hafary Gallery is a significant milestone for Hafary. "The Hafary Gallery symbolizes Hafary's vision for surface and bathroom retailing in Singapore and is able to respond and satisfy the diverse needs related to architecture and space promptly. It delivers a world class experience, providing the absolute best and latest in surfacing and bathroom solutions," said Mr Eric Low, the Chief Executive Officer of Hafary Holdings Limited during the opening speech. To celebrate this important moment, Mr Eric Low, together with Mr Low Kok Ann, Chairman of Hafary Holdings Limited, do the honours by cutting the ribbon to declare the opening of the showroom for the expectant guests.

After the ceremony, the guests explore the showroom with great fervor. They experience and felt with their hands the sensuality and authenticity of the premium building materials from Hafary, be it tiles, mosaic, stone, wood or sanitary ware and fittings. They were fascinated by the wide array of materials that were available and are deeply inspired by the various mock-ups in the showroom. The guests were at the same time invited outside to savour and enjoy signature cuisine specially prepared with red wine and beer. The event also created an opportunity for the industry leaders to gather, communicate, share and exchange ideas.

Covering 23,000 square feet, the Hafary Gallery showcases over 4000 products sourced from around the world. Over the years, the brand has grown leaps and bounds and has thus marked a distinctive presence in the home industry.
